

### A chance of a lifetime!

With the massive devastation we have faced after the Feb 22nd Christchurch earthquake we now have an awesome opportunity to re-create our city.

This hui is one of many that will occur across Christchurch over the next 6–8 months. It is important that youth perspectives are aired, captured and shared with other interest groups as well as CERA (the Canterbury Earthquake Recovery Authority), the Christchurch City Council and Community Boards.

With our combined ideas and momentum we can make sure that the rebuilt city and surrounds will provide the future we want while also benefiting the planet.

### Organised by:

A small group of interested and actively engaged young people and supporters. For more information contact Elysia Southworth 027 7409198 or Jocelyn Pappill 027 222 0395

# REBUILD CHRISTCHURCH: YOUTH PERSPECTIVES

## Register now

This Rebuild Christchurch: Youth Perspectives hui is a chance to share our ideas and visions to create a powerful message from youth. This message needs to be heard by all those involved in the rebuilding of our city, Otautahi-Christchurch.

We invite you to join with us on Saturday 14th May 2011. There will be a mix of inspiring speakers with Q&A sessions followed by an afternoon of Collaboration Cafe workshops.

Food and drink will be provided with live music to end the day and celebrate our collaborative efforts.

Registration is FREE – this event cost you nothing except your time & ideas.
